Statement on Quarterly Review of the trends in receipts and expenditure in relation to the budget at the end of the financial year 2005-06

Macroeconomic backdrop

- 1. The gross domestic product (GDP) estimates released by the Central Statistical Organization (CSO)(the revised 1999-2000 series), indicate growth in real GDP of 8.4 per cent for 2005-06, as compared to 7.5 per cent in 2004-05. The estimated growth in 2005-06 is composed of growth of 3.9 per cent in agriculture and allied sectors, 8.7 per cent in industry and 10.0 per cent in services. The growth estimates of GDP at factor cost (at 1999-2000 prices) available for the fourth quarter of 2005-06 indicate an overall growth of 9.3 per cent during January-March 2006 compared to 8.6 per cent during the corresponding period of the previous year.
- 2. The Ministry of Agriculture, in their third advance estimates of food grains production released in July, 2006, place the Kharif output of food grains at 109.7 million tonnes, higher than the output of 103.3 million tonnes last year (as per the Final estimates). Total food grains production for the whole year 2005-06 (based on fourth advance estimates) is estimated at 208.3 million tonnes. The average price index of all commodities (WPI base 1993-94) for the fourth quarter at 196.5, as compared with 189.0 in the fourth quarter of the previous year, indicates the continuation of a moderate inflation regime.
- 3. Exports during 2004-05 grew by 26.2 per cent. During 2005-06, exports valued at US\$100.6 billion registered a growth of 24.7 per cent. Imports, which grew by 39.7 per cent during 2004-05, increased by 31.5 per cent to US\$140.2 billion during 2005-06. POL imports during 2005-06 increased by 46.8 per cent to US\$43.8 billion. Foreign exchange reserves (excluding gold & SDRs) went up from US\$135.571 billion at end-March, 2005 to US\$145.108 billion at end-March, 2006.
- 4. Non-food credit during 2005-06 continued to maintain the upward momentum witnessed last year. The increase during this period at 38.4 per cent was much higher than the 27.5 per cent achieved in 2004-05. Stock market index returns of 11 per cent in 2004 followed by 36 per cent in 2005 provide a good measure of investor sentiments. Stock prices continued their upward momentum scaling new peaks. The bell-weather BSE Sensex crossed the 10,000 mark on February 6, 2006.
- 5. There was some hardening of interest rates during 2005-06, particularly in the fourth quarter. The yield on bench mark 10 year government securities increased firm 6.68 per cent to 7.51 per cent between end March 2005 and end March 2006. The increase in the rate of interest was observed across the maturity spectrum.

Review of trends in receipts and expenditure of Government during 2005-06

6. Summarized position of the state of finances of the Government during 2005-06 is given below. Dis-aggregated data are given in Annex I to VI. The receipts and expenditure figures given are un-audited figures and may undergo revision subsequently as a result of audit. The receipts and recoveries, wherever directly linked to expenditure, have been netted against the expenditure.

Key Fiscal Aggregates

| | Actual 2004-05 | B E 2005-06 | RE 2005-06 | Provisional Accounts 2005-06 |
|--|----------------|----------------|---------------|------------------------------------|
| Gross Tax Revenue | 3,04,958 | 3,70,025 | 3,70,141 | 3,65,874 |
| Net Tax Revenue | 2,24,798 | 2,73,466 | 2,74,139 | 2,69,992 |
| Non-Tax Revenue | 81,215 | 77,734 | 74,335 | 73,891 |
| Loan Recovery | 62,043 | 12,000 | 11,700 | 12,097 |
| Disinvestment and other Non debt Capital receipts | 4,424 | | 2,356 | 1,580 |
| Total Non-debt receipts | 3,72,480 | 3,63,200 | 3,62,530 | 3,57,560 |
| Plan Expenditure | 1,32,292 | 1,43,497 | 1,43,791 | 1,40,138 |
| Plan Revenue Expenditure | 87,494 | 1,15,982 | 1,14,153 | 1,11,892 |
| Plan Capital Expenditure | 44,798 | 27,515 | 29,638 | 28,246 |
| Non-Plan Expenditure | 3,65,390 | 3,70,847 | 3,64,914 | 3,63,770 |
| Non-Plan Revenue Expenditure | 2,96,857 | 3,30,530 | 3,26,142 | 3,26,635 |
| Non-Plan Capital Expenditure | 68,533 | 40,317 | 38,772 | 37,135 |
| Total Expenditure | 4,97,682 | 5,14,344 | 5,08,705 | 5,03,908 |
| Revenue Expenditure | 3,84,351 | 4,46,512 | 4,40,295 | 4,38,527 |
| Capital Expenditure | 1,13,331 | 67,832 | 68,410 | 65,381 |
| Revenue Deficit | 78,338 | 95,312 | 91,821 | 94,644 |
| Fiscal Deficit | 1,25,202 | 1,51,144 | 1,46,175 | 1,46,348 |
| Primary Deficit | -1,732 | 17,199 | 16,143 | 14,591 |
| Outstanding year end liabilities includingexternal debt at current exchange rate | 21,24,726 | 23,72,727 | 23,20,571 | 23,76,631 |

Key Fiscal Aggregates as per cent of Gross Domestic Product* at current market prices

| current exchange rate | 68.1 | 67.2 | 65.7 | 67.3 |

^{*} GDP 2004-05: Rs.31,21,414 crore. GDP 2005-06: Rs.35,31,451 crore

The year 2005-06 has witnessed sustained growth in GDP and benign inflation regime coupled with continued buoyancy in tax collections. The ambitious tax revenue targets set out in the budget 2005-06 demanded sustained efforts on the part of the revenue administration. The continued to impact fiscal outcomes. In 2005-06 Centre's revenue deficit increased from Rs. 78,338 crore (2.5 per cent of GDP) in 2004-05 to Rs. 94,644 crore (2.7 per cent of GDP) while Fiscal Deficit also increased both in absolute terms as well as a proportion of GDP, from Rs.1,25,202 crore (4.0 per cent of GDP) in 2004-05 to Rs.1,46,348 crore (4.1 per cent of GDP) in 2005-06. At the end of the year 2005-06, Fiscal Deficit remained within the target. The Revenue Deficit as a percentage of GDP too remained within the Budget Estimated target of 2.7 per cent of GDP but marginally exceeded by 10 basis points of the target of 2.6 per cent of GDP set in Revised Estimates. The Primary Deficit in 2005-06 was at a level of Rs.14,591 crore compared to a Primary surplus of Rs.1,732 crore in 2004-05. Primary Deficit as a percentage of GDP was 0.4 per cent as against Budget target of 0.5 percent of GDP. A more detailed analysis of movement of various fiscal parameters in 2005-06 is given in the succeeding paragraphs.

Receipts

8. The net non-debt receipts of the Government in 2005-06 were placed at Rs.3,57,560 crore, up by Rs.28,755 crore over the adjusted non-debt receipts of Rs.3,28,805 crore during corresponding period of previous year (COPPY), representing an increase of 8.7 percent. 2004-05 receipts included one time receipts of pre-payment of loans by State Governments under Debt Swap Scheme which, for a fair, like-to-like comparison between 2004-05 and 2005-06 receipts need to be excluded. Hence, the adjusted non-debt receipts for 2004-05 have been arrived at by excluding Rs.43,675 crore received under the Debt Swap Scheme from receipts of Rs.3,72,480 crore reported in the Accounts. The capital receipts from Debt Swap Scheme amounting to Rs.32,675 crore were utilized for redemption of special securities issued to National Small Savings Fund (NSSF) after setting aside Rs.11,000 crore for defence expenditure in line with Budget announcement. The capital expenditure on account of redemption of special securities had increased the reported capital expenditure during 2004-05 and has been adjusted in subsequent analysis.

Tax Revenue

9. Tax Revenues constituted a little over 75 per cent of the total Government receipts (net) broadly in line with the trend. Union Excise continued to be the most significant tax receipt (30%) followed by Corporation Tax (27%), Customs (18%) and Income Tax (17%) in that order. The Non-Tax revenues and Non-debt capital receipts in 2005-06 contributed a lower share on account of policy decisions pertaining to Twelfth Finance Commission (TFC), Debt Swap Scheme and disinvestment.

Tax Revenue (net) to Centre during 2005-2006 was Rs. 2,69,992 crore (7.6% of GDP) after setting aside Rs.1,497 crore of surcharge for National Calamity Contingency Fund (NCCF) and devolution of Rs.94,385 crore to State Governments. The Tax Revenue (net) was 98.5 per cent of the Revised Estimates of Rs. 2,74,139 crore. The net Tax Revenues grew by Rs. 45,194 crore over the previous year's collections of Rs. 2,24,798 crore and registered an impressive annual growth of about 20 per cent. Gross tax collection during the year, at 98.8% of RE, was Rs.3,65,874 crore as against Rs. 3,04,958 crore during the previous year. While the indirect taxes collection exceeded the budget target, the direct taxes have shown a marginal shortfall mainly on account of small slippage in collections in respect of Corporation Tax and Personal Income Tax. The gross collections of Corporation Tax, at 96 per cent of RE, were Rs. 99,433 crore (previous year Rs. 82,680 crore) i.e., an increase of 20 per cent; Income Tax collections, at 91 per cent of RE, were Rs. 57,559 crore (previous year Rs. 49,268 crore) i.e., an increase of 17 per cent; Union Excise collection, at 99 per cent of RE, was Rs. 1,11,226 crore, (previous year Rs. 99,125 crore) i.e., an increase of 12

per cent; and Customs collections, at 101 per cent of RE, were Rs. 65,070 crore (previous year Rs.57,611 crore) i.e., an increase of 13 per cent. The Fringe Benefit Tax introduced during the year has a collection of Rs. 4,770 crore and reflected as part of Other taxes in para 10 below.

10. The following table shows the trends under different kinds of tax revenues:

Collection of Tax Revenue

(Rs. in crore or percentage growth)

| Description | BE 2005-06 | RE 2005-06 | Provisional Accounts 2005-06 | Actual 2004-05 | Year- on-year change |
|---------------------|---------------|---------------|------------------------------------|----------------|----------------------------|
| Corporation Tax | 1,10,573 | 1,03,573 | 99,433 | 82,680 | 20 |
| Taxes on Income | 66,239 | 66,239 | 60,440 | 49,858 | 21 |
| Wealth Tax | 265 | 265 | 246 | 145 | 69 |
| Customs | 53,182 | 64,215 | 65,070 | 57,611 | 13 |
| Union Excise Duties | 1,21,533 | 1,12,000 | 1,11,226 | 99,125 | 12 |
| Service Tax | 17,500 | 23,000 | 23,055 | 14,200 | 62 |
| Other Taxes | 733 | 849 | 6,404 | 1,339 | 378 |
| Total | 3,70,025 | 3,70,141 | 3,65,874 | 3,04,958 | 20 |

The consistent increase in direct tax/indirect tax collections is a combined result of various economic factors as well as legislative and administrative measures taken by the Government including widening of tax-base and rationalization of tax rates. A number of steps have been taken to augment tax compliance which include rationalization of tariff structure, review and withdrawal of tax exemptions to the extent possible, plugging leakage of revenue through strengthening antismuggling and anti-evasion measures, simplification of tax collection procedures to improve tax compliance, levy of Fringe Benefit Tax etc.

Non-Tax Revenue

11. Non-Tax Revenue during 2005-06 was Rs.73,891 crore, lower by Rs.7,324 crore (9%) compared to previous year. Total Non Tax Revenue as a percentage of GDP declined from 2.6 per cent in 2004-05 to 2.1 per cent in 2005-06. Main contribution to Non-Tax Revenue are Interest Receipts (Rs.20,564 crore) and Dividends and Profits (Rs.25,451 crore), which together constitute about 62% of the total Non-Tax Revenue collections. Interest receipts were, however, lower compared to last year by Rs.11,823 crore. The low interest receipts were in line with the budgetary estimates and are, due mainly to TFC award relating to debt consolidation and the impact of

prepayment of Central Government loans under Debt Swap Scheme by State Governments and other entities that took advantage of the soft interest rate regime. Dividends and profits (Rs. 25,451 crore) have increased by Rs. 2,512 crore over that of previous year (Rs. 22,939 crore) registering a growth of 11 per cent.

Non-debt Capital Receipts

12. The non-debt capital receipts, mainly comprising of recoveries of loans have decreased from Rs. 66,467 crore during 2004-2005 to Rs. 13,677 crore during 2005-2006. The actual receipts under this head are 97 per cent of the Revised Estimates. Recovery of Loans at Rs. 12,097 crore (103% of RE), has been 81 per cent lower compared to the previous year figure of Rs. 62,043 crore, including receipts of Rs.43,675 crore under the Debt Swap Scheme. The lower receipts are as anticipated on account of discontinuation of the Debt Swap Scheme and Twelfth Finance Commission (TFC) award regarding debt consolidation. Disinvestment proceeds at Rs. 1,569 crore is 67 per cent of the Revised Estimates of Rs. 2,356 crore, due to non-materialization of sale of residual stake in BALCO.

Expenditure

Total expenditure (net) incurred during the year was Rs. 5,03,908 crore, up 8.3 per cent over adjusted net expenditure of Rs.4,65,007 crore during COPPY; the adjustment being on account of redemption of Special Securities amounting to Rs.32,675 crore with proceeds of Debt Swap Scheme from the reported figure of Rs.4,97,682 crore. The actual expenditure is lower than the Revised Estimate of Rs. 5,08,705 crore. A substantial part (80 per cent) of Plan expenditure was on account of Revenue Expenditure Rs. 1,11,892 crore. The total Revenue Expenditure, which constituted over 87 per cent of the total Expenditure, was Rs. 4,38,527 crore (99.6 per cent of RE). Compared to previous year, non-Plan Capital expenditure is lower by Rs. 31,398 crore on account of discontinuation of redemption of special securities on completion of Debt Swap Scheme. The adjusted data would show an increase of Rs.1,277 crore. The decline in Plan Capital expenditure by Rs.16,552 crore is on account of disintermediation of loans to State Governments by Central Government as per TFC award. During the year 2005-06, the Government had spent 51 per cent of its total expenditure on General Services, which included Interest Payments, Defence Expenditure and Expenditure on Pensions. Expenditure on Social Services was 7 per cent and on Economic Services 25 per cent while the balance accounts for Grants-in-aid/loans and advances.

Plan Expenditure

14. Plan expenditure during 2005-2006 was Rs. 1,40,138 crore, which is less than the Revised Estimates of Rs. 1,43,791 crore. Compared to previous year this is an increase of Rs.7,846 crore (6 per cent growth). It may, however, be mentioned that the Plan expenditure in 2005-06 did not include provision for on-lending of

domestic loans by Central Government to State Governments and therefore the reported growth in Plan expenditure is an understatement. Expenditure on Central Plan was Rs. 1,04,148 crore and expenditure on State Plan was Rs. 35,990 crore. The overall Plan expenditure as compared to the previous year is as shown below:

Plan Expenditure

(Rs. in crore)

| | RE 2005-06 | 2005-06 | 2004-05 |
|--------------------|------------|----------|----------|
| Central Plan | 1,07,253 | 1,04,148 | 80,136 |
| Contrar I lan | (74.6) | (74.3) | (60.6) |
| State and UT Plans | 36,538 | 35,990 | 52,156 |
| | (25.4) | (25.7) | (39.4) |
| Total | 1,43,791 | 1,40,138 | 1,32,292 |
| | (100) | (100) | (100) |

The pattern of utilization of Plan budgetary allocations across Ministries/ Departments has shown marginal variation with majority of ministries reporting expenditure more than 95 per cent of RE 2005-06. Details are in Annex V.

15. It is a matter of satisfaction that in the social development sector Ministry of Rural Development, Department of Secondary Education, Department of Women and Child Development, Department of Social Justice and Ministry of Urban Development have spent 100 per cent of RE during the year 2005-06. Shortfall in terms of expenditure was witnessed in some departments, namely, Department of Power, Department of Heavy Industry and Ministry of Information and Broadcasting though, in absolute terms, these Departments/Ministries have spent more compared to the previous year. Intensive and sustained periodic monitoring of expenditure, with emphasis on optimizing the use of budgetary allocations while minimizing the opportunity cost of funds available with the Department/Ministries, considerably reduced last quarter expenditure rush resulting in more evenly spaced out expenditure pattern and thus helping the Departments/Ministries to realistically estimate expenditure trends and related budgetary provisions.

Non-Plan Expenditure

16. Non-Plan expenditure during 2005-06 was Rs. 3,63,770 crore (almost 100% of the Revised Estimate) but lower by Rs. 1,620 crore over that of 2004-05. Interest payments (Rs. 1,31,757 crore), Defence expenditure (Rs. 80,616 crore) and Major Subsidies (Rs. 44,220 crore) continued to be major items of non-Plan expenditure. Together these accounted for 71 per cent of the total Non-Plan Expenditure.

- 17. Food Subsidy dominated the subsidy bill at Rs. 23,077 crore (Rs. 25,798 crore in 2004-05). Fertilizer subsidy was Rs. 18,460 crore (Rs. 15,879 crore in 2004-05) and Petroleum subsidy was Rs. 2,683 crore (Rs. 2,956 crore in 2004-05).
- 18. Overall non-Plan expenditure was contained within RE 2005-06. An expenditure of Rs. 2469 crore by Department of Revenue in 2005-06 as compared to Rs. 125 crore in 2004-05 is mainly on account of the Central Government compensating State Governments towards loss of State Revenue on introduction of VAT by the State Governments.

Resources Transferred to States /Union Territories

19. In line with the growth in tax revenue by 20 per cent during the year, the transfers to States by way of devolution of taxes and duties, have increased. Net resources transferred to State/UT Governments during 2005-06 were Rs. 1,64,981 crore. This was more by Rs. 67,444 crore over that of last year (69% growth). As a percentage of GDP, Transfers to States was 4.7% of GDP. These transfers included States' share of tax collection of Rs. 94,385 crore (Rs. 78,595 crore in 2004-05) and Grants of Rs. 73,742 crore (Rs. 53,873 crore in 2004-05). NSSF investments in States securities accounted for Rs.89,766 crore during 2005-06.

Commercial receipts and expenditure

20. As could be seen from the table below, there has been a significant shift in the commercial receipts and expenditure. The receipts have increased from Rs. 12,852 crore in 2004-05 to Rs. 13,354 crore in 2005-06 while expenditure has come down from Rs. 14,830 crore to Rs. 13,694 crore during the same period. The Canteen Stores performance improved as reflected in the reduction of expenditure over receipts, which came down from Rs. 784 crore in 2004-05 to Rs. 215 crore in 2005-06. Similarly, Postal Services had registered reduction in excess expenditure over receipts. The excess expenditure was Rs. 1,061 crore in 2005-06 as against Rs. 1,365 crore in 2004-05. Summary position is given below:

| | Provisional | | | | | |
|-------------------|-------------|----------|---------|---------|--|--|
| | RE | Accounts | RE | Actuals | | |
| Item | 2005-06 | 2005-06 | 2004-05 | 2004-05 | | |
| Total Expenditure | 14,246 | 13,694 | 15,339 | 14,830 | | |
| Total Receipts | 14,256 | 13,354 | 14,708 | 12,852 | | |
| Net | -10 | 340 | 631 | 1,978 | | |

Status of cash balances during the year

21. The Government began the year with an investment of cash surplus of Rs. 20,000 crore. The Government partially disinvested the investments in the months of April, May, July and October. The Government maintained a cash surplus position during most part of the year and preferred market borrowing over Ways and Means Advances (WMA). Government held cash over and above the investment cap of Rs.20,000 crore, both at the beginning of the year 2005-06 and at the end. The combined cash balances of the Government, i.e., taking the investment and cash was Rs.46,202 crore on March 31, 2005 and Rs.48,928 crore on March 31, 2006.

Financing of Fiscal Deficit

22. Bulk of the fiscal deficit was financed through direct borrowings from the open market as a measure of fiscal discipline.

Financing of Deficit

(Rs. in crore)

| | 2005-06 | 2004-05 | 2003-04 | 2002-03 | 2001-02 |
|---|----------|----------|----------|----------|----------|
| Fiscal Deficit | 1,46,348 | 1,25,202 | 1,23,272 | 1,45,072 | 1,40,954 |
| Sources of Financing | | | | | |
| Internal Debt excluding MSS | 1,48,342 | 1,01,966 | 1,65,966 | 1,20,006 | 1,05,009 |
| External Assistance including Revolving Fund | 7,505 | 12,934 | -12,189 | -12,255 | 6,010 |
| National Small Savings Fund | -13,546 | 12,176 | -19,398 | 20,496 | 2,549 |
| State Provident Fund etc., | 5,418 | 5,310 | 4,891 | 4,621 | 4,173 |
| Special Deposits | 540 | -2,054 | 102 | 9,324 | 8,014 |
| Other Deposits | -1,911 | -5,130 | -16,100 | 2,880 | 15,199 |

The fiscal deficit was financed largely through domestic debt in preference to external debt. Due to introduction of 182 days Treasury Bills and investment of surplus cash balances of State Governments in non marketable 14 days intermediate Treasury Bills, debt receipts and more specifically internal debt have exceeded the Budget Estimate. As a result of comfortable cash balance position of the Central Government, it took recourse to Ways and Means Advances (WMA) from Reserve Bank of India only on two days and did not resort to overdraft on any day during 2005-06.

Market Stabilization Scheme

23. The Government and Reserve Bank of India (RBI) continued to operate the Market Stabilization Scheme (MSS) window to better manage the liquidity position as per requirement, in accordance with the MOU signed in this regard which basically entails Government of India borrowing funds through dated securities and Treasury Bills on the advice of RBI. Since the receipts under MSS are sequestered in a separate account with RBI and redemptions paid out from the same account, Government balances and accounts were unaffected due to these transactions, except to the extent of interest payments/discounts on such balances, which are included in the interest payments expenditure of the Government.

National Small Savings Fund

24. Collections under various small savings schemes run by the Government, which are credited into the National Small Savings Fund (NSSF), are part of the liabilities of the Government. These liabilities increased from Rs. 5,32,030 crore as on 31st March 2005 to Rs. 6,21,724 crore as on 31st March 2006 (Provisional). These funds are invested in Special Central and State Government Securities. The total investment of NSSF in such special government securities amounted to Rs. 59,49,204 crore (Provisional). Cumulative investments in State Government Securities increased from Rs. 3,02,813 crore as on 31st March 2005 to Rs. 3,91,302 crore (Provisional) as on 31st March 2006. During the year 2005-06, the deficit in NSSF's Income-Expenditure account was Rs. 7,127 crore (Provisional). Taking this into account, the cumulative deficit increased from Rs. 11,552 crore as on 31st March 2005 to Rs. 18,679 crore (Provisional) as on 31st March 2006.

Status of total liabilities

Rs. 1,46,348 crore on account of fiscal deficit during the year. The outstanding external liability at current exchange rate has increased from Rs. 1,91,182 crore at the end of 2004-05 to Rs. 1,93,577 crore at the end of 2005-06. In addition, Government incurred domestic liabilities in respect of small savings collections, net collection of which was invested mainly in special State Government Securities. The liabilities position of the Government was also impacted due to transactions under MSS and issue of special securities. Taking into account the impact of all transactions, the total outstanding liabilities of the Central Government, including external debt at current exchange rate increased from Rs.21,24,726 crore in 2004-05 to Rs.23,76,631 crore in 2005-06. However as a ratio of GDP the liabilities have declined from 68.1 per cent in 2004-05 to 67.3 per cent in 2005-06.

Conclusion

- 26. The fiscal performance during 2005-06 in terms of deficit indicators shows an improvement vis-à-vis Budget Estimates. However compared to Revised Estimates, the marginal deviation in Revenue Deficit can be explained more by non-fiscal related reasons and is mainly due to delayed credit of a part of tax revenues to Government which spilled over to April, 2006. The Government has not only been able to achieve the debt/deficit targets set under the Fiscal Responsibility and Budget Management Act, 2003 but has also reasonably enabled most of the State Governments to reduce their fiscal stress through debt consolidation and by compensating State/UT Governments for revenue losses due to implementation of VAT.
- 27. Significantly the fiscal consolidation effort is revenue lead and without diluting priorities in respect of expenditure on developmental scheme/projects and social security. Government continues its efforts in improving the quality and productivity of public expenditure. The achievement on fiscal consolidation front, along with sustained rate of growth of GDP, is an affirmation of the abiding faith of the Government that a policy of sound fiscal management is essential for achieving sustainable growth.
