## EXPLANATORY NOTES

1. 'Centre' means the Central Government and the Government of Union Territories, which do not have legislatures. Delhi, which was earlier included in Centre, has been included in the States since 1993-94. 'State' means the State Governments and the Governments of Union Territories with legislature.
2. Figures for the years prior to 2009-10, unless otherwise mentioned, are actuals.
3. The ratios to GDP at current market prices are based on Central Statistics Office's (CSO's) National Accounts 2004-05 series and prior to 2004-05 are based on old series of CSO's National Accounts 1999-2000 series.
4. Tables 1.1 to 1.6 present the consolidated budgetary operations of the Central and the State Governments. Inter-governmental transfers like grants and loans to the States have been netted in the process of consolidation.
5. In Table 2.2, States' share in Central taxes is not included. It is included under the States' revenue receipts. Figures in Tables 2.1, 2.4, 2.5 and 2.6 from 1997-98 onwards are exclusive of States' share against small savings collections.
6. Tables 3.1 to 3.6 are based on analysis of the budgets of 28 States, National Capital Territory of Delhi and Puducherry, Union Territories with legislature. The actuals for 2001-02 include three new States, viz., Chattisgarh, Jharkhand and Uttrakhand formed in November 2000. As the new States were carved out of the existing states of Madhya Pradesh, Bihar and Uttar Pradesh, data prior to 2001-02 is included in the respective undivided states.
7. Under Article 270 of the Constitution, as amended from 1st April, 1996 by the Constitution (80<sup>th</sup> Amendment) Act, 2000, a prescribed percentage of net proceeds of all Central and UT taxes (except Union surcharge, cesses levied for specific purposes and duties and taxes referred to in Articles 268 and 269) is to be assigned to States on the basis of recommendations of Finance Commission. The Twelfth Finance Commission had recommended that 30.5 per cent of the net proceeds of Central taxes be assigned to States for the five year period commencing 2005-06. The Thirteenth Finance Commission has recommended that 32 per cent of the net proceeds of Central taxes be assigned to States for the five year period commencing 2010-11.
8. The States' share in respect of various Central taxes from 2000-01 till 2004-05 onwards have been worked out notionally applying a uniform share of 29.5 percent to all Central taxes (net of Union surcharge, cesses levied for specific purposes and duties and taxes referred to in Articles 268 and 269).
