

## Chapter - I

### Executive Summary

The Internal Audit set-up of Ministry of Finance under the O/o the Chief Controller of Accounts consists of two distinct wings viz. **1.** Internal Audit Wing (IAW) which conducts compliance audit of DDOs and **2.** Banking and Financial Institutions Wing (B&FI) for auditing the performance of public/private sector banks with regard to small savings schemes of Ministry of Finance viz. Public Provident Fund Scheme (PPF)-1968 and Senior Citizen Savings Scheme (SCSS)-2004 etc. The audit reports identifying systemic weaknesses and non-compliance of rules, regulations and procedures etc. are brought to the attention of management along with appropriate recommendations for course correction and rectification.

This Internal Audit Annual Review covers all five Departments of the Ministry of Finance viz.:-

- (A) Department of Economic Affairs;
- (B) Department of Financial Services;
- (C) Department of Expenditure;
- (D) Department of Revenue; and
- (E) Department of Disinvestment.

This annual review report consists of six chapters.

Chapter I deals with the performance and major findings of the two wings of Internal Audit during the FY 2015-16. The performance in terms of percentage of units covered against target set for the year for Internal Audit Wing and B&FI comes to 97 & 98 percent respectively. In addition, this chapter also deals with the staff strength of the two wings, total number of units to be audited along with their periodicity and targets & achievements during the financial year. Out of the targeted 58 units of DDOs/PAOs, 56 units were audited in the FY 2015-16. Similarly, out of the 65 units of Banks which were due for audit, 64 units were audited during 2015-16. This chapter also includes the status of outstanding audit paragraphs, the initiatives taken for their settlement and the management's expectations along with the new initiatives taken during the year.

Chapter II of this annual review contains a brief summary of paragraphs shown in Chapter III.

Chapter III comprises of a list of major irregularities of the audited units viz. cases of non-recovery/over-payments/surplus stores/ irregular expenditure/non adjustment of advances/blocking of government money etc.

Chapter IV is NIL as the Ministry of Finance by its very nature primarily performs an allocation function and the few schemes appearing in the Grants relating to the Ministry of Finance are implemented generally by the banks or the developmental financial institutions as intermediaries. Keeping this in view the O/o Controller General of Accounts has been requested to keep Ministry of Finance outside the purview of risk based audit.

Chapter V deals with the actual recoveries made during the financial year including previous against the paras raised in the earlier reports of the previous years. A total amount of Rs 653.93 lakhs has been recovered during the year from the audited units of Ministry of Finance.

Chapter VI deals with the details of exercise taken for capacity building/trainings of the officers/staff on various aspects of internal audit. During the financial year 2015-16 five officers/officials have attended short term courses on rules and regulations related to CGEGIS, LTC and Income Tax etc.

### **3. Performance of Internal Audit during the financial year 2015-16**

A performance objective is a specific end result that contributes to the success of the unit or organization. Performance objectives provide focus to the performance of tasks and ensures that the actions are oriented towards achieving mandated outputs/outcomes.

The objective of internal audit is to assist field offices in understanding and adopting correct financial and accounting procedures along with reporting on defects in receipts and payment procedures, financial transactions and book keeping. The audit of DDOs/PAOs is undertaken by the audit teams of Internal Audit Wing of Ministry of Finance, keeping these objectives in perspective. Another objective of internal audit is to perform this task as part of the internal review mechanism for timely corrective actions and to prevent statutory audit observations.

During the Financial Year 2015-16, the target of Internal Audit Wing was to audit 58 units of DDOs/PAOs. Out of this, 56 units were successfully audited i.e. a performance percentage of about **97%** was achieved.

During these DDOs/PAOs audits, the Internal Audit reviewed compliance of payment and accounting procedures and conducted test check of transactions. It also gave suggestions to the field organizations so as to aid them in adopting correct procedures. It provided the required guidance in maintaining various accounting records, registers etc.

The suggestions and guidance (where required) have been delivered to the audited organizations through Internal Audit Reports prepared at Headquarters.

During the Financial Year 2015-16, the target of Banking & Financial Institutions Wing was to audit 65 units of various public and private sector banks. Of these, 64 units were audited i.e. a performance percentage of about **98%** was achieved.

It is pertinent to mention here that in the FY-2015-16, the focus of audit was on the major small savings schemes of Ministry of Finance and consequently these two schemes i.e. PPF-1968 and SCSS-2004, were only audited by B&FI Wing.

During these audits, the IA-B&FI reviewed whether the banks have followed the laid down procedures/guidelines for handling these schemes. IA-B&FI primary mandate related to checking whether the amounts deposited in the PPF and SCSS accounts was remitted within the prescribed time to the Government Account held with RBI, CAS, Nagpur i.e. within T+3 days (3 clear working days after the date of transaction) or whether there were any delays in the remittances. If there were delayed remittance transactions, **Delayed period Penal Interest (DPI)** were imposed on such transactions as per the guidelines of the Budget Division of the Ministry of Finance. Further, checks were also undertaken to ensure that no unauthorized subscription was accepted by the Banks.

All the findings related to DPI, unauthorized subscription, automation of remittance etc. have been delivered to the audited banks through the respective Internal Audit Reports, prepared at the Headquarters of the IA-B&FI.

**An amount of Rs. 6.82 Crores as DPI was levied on different banks on account of delayed remittances of collections under the aforesaid two small savings schemes of Ministry of Finance. DPI of Rs. 6.45 Crores including past dues was recovered during 2015-16.**

During the Financial Year 2015-16, audit of five merged DDOs was done by the Internal Audit Wing. In addition to the general checks, other checks as enlisted in the CGA's letter No G-25014/76/85/MF-CGA insp/235 dt. 07.05.86 was also exercised by the Internal Audit teams while auditing the merged DDOs. The performance of merged DDOs was largely found to be satisfactory. They are performing the task of maintaining broadsheets of GPF and long term advances along with their routine work, as mandated under the merged DDO scheme. Consequently, the records maintained by the cash branch and the Drawing & Disbursing Officer (DDO) at the Secretariat level have become basic records, thereby the need for maintenance of duplicate broadsheets of GPF and long term advances in the PAOs has been eliminated.

#### **4. An overview of Major findings of Internal Audit during the year 2015-16.**

During the FY 2015-16, it has been found that most of the irregularities/errors in the working of various audited units is generally due to lack of awareness of the latest rules, regulations, orders and revised Performa etc. issued by competent authorities from time to time. Due to this, the major findings during the internal audit of DDOs/PAOs were observed to be related to pay fixation cases, procedural lapses in giving contracts and settlement of various adjustment bills of LTC, Income Tax, TA & Medical etc.

During the audit of PPF-1968 and SCSS-2004 schemes in Banks, IA-B&FI has found that the cause for delayed period penal interest by banks are generally on account of mistakes in calculation of working days allowed for remitting the deposits of subscribers to Government account held with RBI at CAS, Nagpur.

## **9. Initiatives taken for settlement of the outstanding Audit Paras**

In order to settle the outstanding paras correspondence was done from this office from time to time and if found necessary, DO letters were also issued from Head of Department for early initiation of action and for the disposal of outstanding audit paras. Moreover, during audit discussions some of the outstanding paras and minor shortcomings were got rectified and the paras settled on the spot.

For the outstanding paras of IA-B&FI, the IA-B&FI called the concerned Bank officials to its headquarter to discuss and clarify their doubts/contentions. By this step, most of the long pending outstanding paras could be settled as Banks paid the respective outstanding DPIs. Further, the O/o the CGA also took an effective initiative to settle the long outstanding paras, through one time settlement. As a result of this banks have started to settle their paras without undue delay. The outstanding penal interest of Rs 41.5 crore pertaining to SDS were taken up for reconciliation and rectification on the basis of revised orders issued by the Ministry of Finance. The final settlement of these amounts has actually taken place in 2016-17, with the concurrence of O/o Controller General of Accounts.

Some of the constraints observed during internal audit of DDOs/PAOs are:

- Lack of skilled/trained staff;
- Improper maintenance of records by the auditee units leading to non availability of requisite records during internal audit; and
- Sincere efforts not made by most of the auditee organizations to comply with the internal audit reports/paras

### **Suggestions:**

- More trainings/seminars sessions should be conducted.
- More space should be made available to offices to ensure proper record maintenance.

## **10. Expectations from Management**

- Suitable training may be initiated.
- A better infrastructure should be provided.
- Sufficient number of staff should be posted

## **11. New initiatives**

- Efficient and effective tour programmes have been organized to cut down on the time taken in travel etc;
- Bank officials have been called over to Headquarters for early settlement of paras; and
- Correspondence at higher level has been initiated for getting prompt compliance from auditee units.

## **Chapter IV**

### **14. Strategy/approach adopted for conducted the Risk Based Audit**

Ministry of Finance by its very nature primarily performs an allocation role and a few schemes appearing in the Grants relating to the Ministry of Finance are implemented generally by the banks or the developmental financial institutions (non-banking DFIs like NABARD, SIDBI etc.) as the intermediaries. Keeping this in view the O/o Controller General of Accounts has been requested to keep Ministry of Finance outside the purview of risk based audit.
